EDUCATION

University of Massachusetts Lowell, Lowell, MA *Anticipated December 2025*
EIT/FE Exam Scheduled — February 2026 GPA 3.64
Bachelor of Science in Environmental Engineering
Minor: *Business Administration in Civil & Environmental Engineering*
Awards: Rossiter Scholarship Finalist 2025, S-STEM Scholarship, Dean's List 2022 - 2025
Activities: Chi Epsilon, Concrete Canoe, New England Water Environment Association, North American Society for Trenchless Technology, Swim & Dive Club

WORK EXPERIENCE

Co-op – Project Engineer June 2024 – December 2024 (7 months)
BOND Civil & Utility, Medford, MA

- Accurately estimated project costs, such as change orders, along with Project Managers.
- Professionally communicated with various subcontractors and material providers for the project.
- Quantified numerous activities simultaneously in the field daily using tracking programs.
- Gradually developed AutoCAD skills for drafting and plan review from coursework.
- Supported preparation of submittals, RFIs (Requests for Information), and meeting minutes.

RELEVANT COURSEWORK

Fluid Mechanics & Lab, Water Resources, Physical Chemical Treatment Processes, Groundwater Hydrogeology & Remediation, Environmental Engineering & Lab, Environmental Engineering II, Air Quality, Introduction to Civil & Environmental Engineering (AutoCAD)

SKILLS

Software/Computer: AutoCAD, GIS, Microsoft Office, Bluebeam, Procore, HeavyJob, COINS, Civil3D
Field/Laboratory: NGA Certification, OSHA-10, Titration, Filtration, BOD and COD testing

ENGINEERING PROJECTS

Wiggins Avenue Extension Capstone Project – Town of Bedford September 2025 – Present
Primary Environmental Engineer

- Led environmental design for a multidisciplinary roadway project to improve traffic flow.
- Collaborated with civil, traffic, and structural engineers in a group for interdisciplinary analysis.
- Creatively integrated stormwater BMPs into proposed roadway design by following regulations.
- Utilized ArcGIS and AutoCAD for site analysis, drainage layout, and plan development.
- Authored a technical memorandum and presented project findings to town engineers in a mock public hearing.

LEADERSHIP EXPERIENCE

New England Water Environment Association, *Club President* Fall 2023-Fall 2025

- Proactively organized and hosted events related to water treatment on campus.
- Offered educational and volunteer opportunities for environmental engineering students.
- Successfully hosted career panels for hearing perspectives from post-graduation.
